Clix Score v2

NEVER TYPE SO FAST THAT A BUFFER ACCUMULATES!!!

Section 1
Start fast and strong, all at once, using only letters (no numbers, spacebar, or punctuation),
pretend to type complete sentences about what you need to get done

Section 2
When cued individually, continue the same typing as Section 1, but add in the spacebar,
punctuation, and numbers as needed

PAUSE

Section 3
All at once, TURN ON CAPS-LOCK AND CONTINUE THE SAME TYPING BEHAVIOR AS THE
PREVIOUS SECTION

Section 4
With caps-lock still on, type the following words in a loop repeatedly, one at a time, wait for
cues to move to the next word as a group
- RUSH
- BUSY
- WORK
- PING
- ZAP
- ACK
- GAH
- RUN

Section 5
Turn caps-lock off, oscillate between 2 letters and/or numbers over and over, switching to a new
pair when cued (individually or as a group)

Section 6
Arrow keys trigger multiple sounds, press different arrow keys in a steady rhythmic fashion,
trying to make continuous sounds without filling the buffer, slow down on cue

Section 7

Press the **delete** key in rhythmic groupings of 2, 3, 4, or 5, add in an occasional **enter** or **period** key, gradually transition to pressing only **enter** and **period**

Section 8 (end)

With caps-lock still off, stripe across the letters D-L from left-to-right, starting from D each time, this should produce a rising pitch, stop together on cue
